Description You might have thought our fleece sheets couldn't get better, and we wouldn't blame you if you did. After all, our traditional fleece leaves are amazingly breathable, soft and warm. We designed these heavy polar fleece panels with a heavier fabric to make them even warmer than before. You look forward to slipping into your toasty bed every night. No promises that you actually want to get out of it in the morning! All sheet metal sets contain an adapted floor plate and a flat top leaf. Non-pilling microfibers. The King set is equipped with two king-size pillowcases, the Queen and Full sets are each equipped with two pillowcases in a standard size and the Twin has a standard-sized pillowcase. Heavy Polarfleece material for extra warmth and softness. Part of our Polartec collection. Detailed size information can be found on the Size & Customize tab. Care instructions Follow these simple instructions for washing your fleece leaves and you will enjoy years of cozy softness. For best results, wash your bed linen separately from other laundry in cold water with your normal detergent. If additional cleaning performance is required, you can use non-chlorine bleach without worrying. The spin cycle of the washing machine usually does a great job to get all the excess water out of the sheets. You can dry them over low heat. Or go to the old school and hang them in the air dry - they should be ready in no time! Avoid high heat and excessive excitement to keep your leaves soft and pills free. What does that mean? Simply say - make sure you don't overload the washing machine or dryer (washing separately is really best), use the gentle cycle, and do not use high heat in the washing machine or dryer. And don't iron them! I have a number of different brands, but they are not close to the quality of the Berkshires. I bought a set to send it to my daughter as a gift. She said: They are like sleeping on velvet sheep or baby bunnies. We love you. They have a generous fit for our deep mattress plus topper and much thicker fleece. We've been using ours for about 4 years and they're still strong. Last spring I told my husband that it was his last night in the cuddly leaves because the weather was too warm and he started screaming: No, no, no. The only drawback is that they make it very difficult to leave the bed. Published date: 2017-12-08 Rated 5 out of 5 by Liss from last forever I have bought at least 3 different set of Polarfleece sheets. The heavy and the lighter for the summer. I can't say enough about these sheets. They last forever... They have all been washed more often than I can count. and better with any laundry!! The set on my bed is at least 5 years old. These are the best, long-lasting leaves ever. and as someone else said ... the only Con I ls... You don't want to get out of bed in the morning. It's like sinking into a little piece of heaven!! Love you, Berkshire !!!!!!! Release date: 2018-01-08 Rated 5 out of 5 by Bevy by BEST FLEECE SHEETS EVER Please continue carrying these Polarfleece Sheets. Microfleece plates are not as good as these. I use them in summer and winter. They are not hot in summer, just comfortable. We sleep in a cool room all year round. Rooms. to listen. Published date: 2017-11-24 Rated 1 out of 5 by Michiganshopper by Moonbeam is gray Very disappointed in the color moonbeam. It looked white on my computer, but when it arrived, it was gray. The color should always be specified, and you can add a descriptive one. This should be called a grey moonbeam. I also ordered the sheets on Cyber Monday with the promise of a free throw that I never received. Published date: 2017-12-06 Rated 5 out of 5 by janelain8 by HEAVENLY, BLISS. Can't get enough of them since intro from daughter. not putting too much pressure on you, but a lot to keep a draft out. I'm going to rip and make bandages from all my normal leaves. the weight of the leaf makes bed makes an easy job. my other child bought a different brand, but after the first wash they have extreme. BIRKSHIRE has cornered the market. Published date: 2018-01-27 Rated 5 out of 5 of 1955k of great quality and so warm!!!! Bought the Queen Leaf set for my mom. she loves it. Keeps it very warm. Better than an electric blanket I'm worried about with them. Recommend. Published Date: 2017-12-12 Rated 5 out of 5 by Northern Girl by So Warm and Cozy! We just have these amazing polar fleece leaves. You are definitely the favorite. Very high quality and well done. Published date: 2017-12-14 Rated 5 out of 5 by Nonickname by Great product In VT, the winters are cold. These bed linens make getting into bed much more beautiful! They have been washed and the fleece is soft and cozy. Depth mounted on is large, elastic is strong and colors are beautiful.
